## PROFILE

Professional background in music, leadership and organisation. As first trumpet, section leader and founder of an eight-person band, I developed precision, responsibility and coordination under real performance pressure. Today I extend that experience through digital tools, web fundamentals and AI-assisted workflows.

## PROFESSIONAL EXPERIENCE

### Hardy Orchestra

2017-2022

First Trumpet & Section Leader

Led the trumpet section in complex productions, including Rammstein-Symphonien. Precision and resilience under live-performance pressure.

### Symbioz Band

09/2019-02/2022

Founder & Band Leader

Led 8 musicians and organised 80+ events. Responsible for project planning, budgets, client acquisition, conflict management and quality assurance.

### Hospitality / Food Service

2022-2024

Courier / Delivery Driver

## SELECTED PROJECTS

### ReSchuhe

2026 · in development

Concept · brand · digital product

Business planning, brand development, product structure and AI-assisted execution. The public website and customer-facing digital experience are still in development.

### Portfolio v2

2026

Interactive professional profile

I directed the concept, structure, content direction and design decisions, and made the final evaluation. AI supported research, exploration, technical implementation and quality assurance.
